

Social Visit Policy

All internal community visits have been temporarily paused through January 14, 2021. This is an extra precaution to protect residents during the current coronavirus surge, in conjunction with the additional exposure risks posed by the holiday season.

Residents who choose to leave the community for non-emergency reasons will be required to self-isolate upon return and have a negative COVID test prior to rejoining the community at-large.

Please contact your executive director or LCB Senior Living directly (781-619-9320) for the latest and most-specific information.
